INFORMED CONSENT FOR TREATMENT 2025

Welcome to my psychology practice! I am looking forward to working with you and I willmake every effort to accommodate your needs. So that you may be fully informed about the services you are receiving, please take the time to read the following information about our practice policies. Please do not hesitate to ask any questions if any of the following seems unclear.

I would like you to be aware of your right to confidentiality and our commitment to safeguard that right. The patient-therapist relationship is a confidential and privileged one, and is thus protected by law and ethical code. However, there may be limits to confidentiality depending on your particular circumstance. For example, if your health care carrier is under the Federal ERISA act, it is entitled to and may request information about your sessions. Likewise, PIP, Workers' Compensation, and other legal/court cases may override confidentiality. In cases in which there is a clear risk of harm to self or others or of suspected child abuse, confidentiality is limited by law.

If you choose to engage in individual or group psychotherapy, please be aware that the process of psychotherapy involves change and can be an exciting process. At times, it may also seem frustrating and may arouse strong, difficult emotions. You may discover that the way you think about the world, the way you view your past, present, and future, and the way you relate to others may be altered. Therapy will require your work and commitment. My most important mission as a therapist is to help you make progress in your work toward reaching your goals. I will strive at all times to utilize my best clinical skills and professional judgment in this endeavor. In my work with children, please be mindful that parents/guardians should understand the need of their children to develop trust in a therapist. *Thus, I ask that parents/guardians limit their desire for specific details of the treatment.* However, I will be sure to address any concerns parents may have regarding their child's treatment.

PATIENT: RETAIN THIS PAGE FOR YOUR RECORDS

Individual and family therapy sessions are usually scheduled to last 45 minutes, unless otherwise indicated. Group therapy sessions last 90 minutes. I will make every effort to begin your session on time and I appreciate your timeliness in keeping appointments. The frequency of therapy sessions is arranged by you and me, based on recommendations and your needs. You are free to terminate therapy at any time. Typically, termination is usually a mutual goal that is planned for by the patient and therapist. If at any time you feel that therapy is not meeting your needs, you are strongly encouraged to present your concerns to me.

Regarding billing, payment in full is due at the time the service is rendered. Information regarding fees is available upon request. I reserve the right to charge an interest charge of 1 ½% per month (18% per annual percentage rate) on accounts that are greater than 30 days overdue. There is also a returned check fee of \$25.00. Please note that in cases in which the account has been neglected by the patient and there has been no show of good faith despite our repeated attempts toward resolution, I reserve the right to turn the account over to a collection agency. In hardship circumstances, I am available to discuss payment arrangements.

If there is a matter that cannot wait until the next session, I am available by telephone at times other than your scheduled appointment. For a telephone call which lasts fifteen minutes or longer, I reserve the right to charge you a fee proportionate to the individual psychotherapy rate. If you have an emergency, and you call after regular business hours or cannot reach me, please call 991 or immediately go the emergency room of the nearest hospital.

I reserve the right to charge you for any missed appointments, or appointments that are canceled with less than 24 hours notice. I will not charge you if a health or family emergency arises. If an appointment is missed or canceled, I will reschedule you, hopefully during the same week.

I am an in-network provider for Aetna, United Healthcare, Oxford and Cigna.

NOTE: Patients in those plans must meet the deductible before the provider begins payment to me. So, you are responsible for paying for services until deductible is met. Please check your plan!

For patients not with those health plans, you are responsible for paying the full fee. *I encourage* you to understand your plan's "out of network benefits," if any. Unfortunately, I have learned that what your insurance provider/representative says over the phone is not always correct or clear. Ultimately, payment is your responsibility. I will assist you with the information you need to submit bills to your carrier. In some instances, I can bill electronically which will save you a step and get you reimbursed more quickly.

As of March 2020, I only offer sessions online with some exceptions. If you want more information, please ask!

JAMES F. BATTAGLIA, PH.D. PSYCHOLOGIST NEW YORK

Notice of Psychologist's Policies and Practices to Protect the Privacy of Your Health Information 2025

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. Uses and Disclosures for Treatment, Payment, and Health Care Operations

James F. Battaglia, Ph.D., hereafter referred to as "I," may use or disclose your protected health information (PHI), for treatment, payment, and health care operations purposes with your consent. To help clarify these terms, here are some definitions:

- "PHI" refers to information in your health record that could identify you.
- "Treatment, Payment and Health Care Operations"
 - *Treatment* is when I provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when I consult with another health care provider, such as your family physician or another psychologist.
 - *Payment* is when I obtain reimbursement for your healthcare. Examples of payment are when I disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.
 - *Health Care Operations* are activities that relate to the performance and operation of my practice. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.
- "Use" applies only to activities within my office such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.
- "Disclosure" applies to activities outside of my office, such as releasing, transferring, or providing access to information about you to other parties.

II. Uses and Disclosures Requiring Authorization

I may use or disclose PHI for purposes outside of treatment, payment, and health care operations when your appropriate authorization is obtained. An "authorization" is written permission above and beyond the general consent that permits only specific disclosures. In those instances when I am asked for information for purposes outside of treatment, payment and health care operations, I will obtain an authorization before releasing psychotherapy notes. "Psychotherapy notes" are notes I have made about our conversation during a private, group, joint, or family counseling session, which I have kept separate from the rest of your medical record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) I have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy.

III. Uses and Disclosures with Neither Consent nor Authorization

I may use or disclose PHI without your consent or authorization in the following circumstances:

- Child Abuse: If I have reasonable cause to believe that a child has been abused or neglected, I am required by law to report such information within 24 hours to the NYC Administration for Children's Services.
- Adult and Domestic Abuse: If I have reasonable cause to believe that an elderly or disabled adult has been abused, neglected, or exploited, I am required by law to report this information to the county adult protective services provider.
- **Health Oversight:** If the New York State Board of Psychological Examiners issues a subpoena, I may be compelled to testify before the Board and produce your relevant records and papers.
- **Judicial or administrative proceedings:** If you are involved in a court proceeding and a request is made for information about the professional services that I have provided you and/or the records thereof, such information is privileged under state law, and I must not release this information without written authorization from you or your legally appointed representative, or a court order. This privilege does not apply when you are being evaluated for a third party or where the evaluation is court ordered. I will inform you in advance if this is the case.
- Serious Threat to Health or Safety: If you communicate to me a threat of imminent serious physical violence against yourself or a readily identifiable victim and I believe you intend to carry out that threat, I must take steps to warn and protect. I also must take such steps if I believe you intend to carry out such violence, even if you have not made a specific verbal threat. The steps I take to warn and protect may include arranging for you to be admitted to a psychiatric unit of a hospital or other health care facility, advising the police of your threat and the identity of the intended victim, warning the intended victim or his or her parents if the intended victim is under 18, and warning your parents if you are under 18.
- Worker's Compensation: If you file a worker's compensation claim, I may be required to release relevant information from your mental health records to a participant in the worker's compensation case, a reinsurer, the health care provider, medical and non-medical experts in connection with the case, the Division of Worker's Compensation or the Compensation Rating and Inspection Bureau.

IV. Patient's Rights and Psychologists Duties

Patient's Rights:

- Right to Request Restrictions You have the right to request restrictions on certain uses and disclosures of protected health information about you. However, I am not required to agree to a restriction you request.
- Right to Receive Confidential Communications by Alternative Means and at Alternative Locations You have the right to request and receive confidential communications of PHI by alternative means and at alternative locations. (For example, you may not want a family member to know that you are seeing me. Upon your request, I will send your bills to another address.)
- Right to Inspect and Copy You have the right to inspect or obtain a copy (or both) of PHI and psychotherapy notes in my mental health and billing records used to make decisions about you for as long as the PHI is maintained in the record. I may deny your access to PHI under certain circumstances, but in some cases you may have this decision reviewed. On your request, I will discuss with you the details of the request and denial process.
- *Right to Amend* You have the right to request an amendment of PHI for as long as the PHI is maintained in the record. I may deny your request. On your request I will discuss with you the details of the amendment process.
- *Right to an Accounting* You generally have the right to receive an accounting of disclosures of PHI for which you have neither provided consent nor authorization (as described in Section III of this Notice.) On your request, I will discuss with you the details of the accounting process.
- Right to a Paper Copy You have the right to obtain a paper copy of the notice from me upon request, even if you have agreed to receive the notice electronically.

Psychologist's Duties:

- I am required by law to maintain the privacy of PHI and to provide you with a notice of my legal duties and privacy practices with respect to PHI.
- I reserve the right to change the privacy policies and practices described in this notice. Unless I notify you of such changes, however, I am required to abide by the terms currently in effect.
- If I revise my policies and procedures, I will notify you in person or by mail.

V. Questions and Complaints

If you have questions about this notice, disagree with a decision I make about access to your records, or have other concerns about your privacy rights, you may contact me, James Battaglia at 646-45-3377

If you believe that your privacy rights have been violated and wish to file a complaint with me, please contact:

New York's Professional Misconduct Enforcement System Complaint Hot Line: 1-800-442-8106 or conduct@mail.nysed.gov

You have specific rights under the Privacy Rule. I will not retaliate against you for exercising your right to file a complaint.
